Give Your Motor a New Range of Speed--More Power

From a slow jog to express train speed, Sammies Super Oil keeps your motor running as smoothly and steady as a clock. It reduces friction to the minimum -gives the motor a remarkable pulling power at low speed-a flexibility to meet every driving need. Sammies Super Oil will keep your motor young, by reducing the wear and tear on the cylinders, bearings, gears and other moving parts. It forms a thin film of oil which is always between the points of contactkeeps them lubricated properly, regardless of the extreme heat generated by the engine.

In a few days, Sammies Super Oil will be on sale at your dealers-a grade suitable for every need. Then you will have the opportunity to judge for yourself what a difference this wonderful new lubricating oil really makes. Ask for "Sammies Super Oil" by name.

## LOT SALE!

OF LOTS IN THE OIL TOWN OF

## GLADSTONE, OKLAHOMA

To Be Held at Said Town Site of Gladstone

## Thursday, April 22, 1920 BEGINNING AT 10 O'CLOCK A. M.

This town site is located in the northeast corner of Cotton county. Oklahoma, in the northwest quarter of section 28, township 1 south of range 9 west, of the rifth principal M. E. and will be known as

GLADSTONE.

Said town site consists of 50 acres plotted in the following manner; Fifteen blocks of 3 1-3 acres to the block; 28 to 30 lots to each block; lots to be 25x132 feet. Broad streets and alleys. Its relative location with other towns: Twenty-three miles southeast of Lawton, Oklahoma; 15 miles northeast of Malters, Oklahoma; 15 miles southwest of Duncan, Oklahoma; 17 miles northwest of Commerce, Oklahoma; 40 miles south of the Cement oil fields and 50 miles northeast of the great Burkburnett fields.

This town has already a population of about three hundred people. It is surrounded by producing oil wells on three sides of plat. Nine producers within 30 to 90 rods of plat. Are now drilling a well which will be an offset for this town site. Has public school building and 70 papils; public well of fine soft water. The great Magnola headquarters joins this town site on north. They have an artesian well. The Gladstone and Prairie Oil Companies headquarters on the west. This town site is located in a beautiful country with fine scenery; on two sides, cast and west, two miles apart, are Big and Little Beaver creeks. Each lot or tract will share in proportion to its size, in any oil production on the 50 acres; that is, when a well is drilled on any part of the 50 acres and oil is found, each lot or tract will share its proportion.

This is no wildcat promotion scheme, it is already a proven oil field, and I. Tom Bull, am the owner, baving bomesteaded this land in 1901 and the townspeople there have suggested to me to plat and sell this in the above mentioned manner.

TERMS OF SALE—One-fourth cash, balance in monthly payments. All checks must be made payable to T. M. Bull, 422 West Adams Avenue, Arkansas City, Kansas.

## T. M. BULL, Owner COLONEL MORGAN, Auctioneer, Lawton, Okla.

Transportation from the above mentioned towns

Remember the date:-April 22nd, 1920

are good to the town site.

- For you-who have never found satisfying completeness in a beverage,

-For you-who have never tasted the exhilarating wholesomeness that a cereal drink should have,

-For you-whose confidence has been shaken by those beverages which try so hard-but cannot satisfy-

-For you-Mr. Man,

Here is the beverage with no apology to makea beverage made with a purpose.

And that purpose-To give you new hope-new joy in living. To give you nourishment that you've never known before. To bring you the "satisfied feeling."

And when you drink BLATZ-then you'll know. For sale wherever beverages are sold.
